Vera Sharav is a public advocate for human rights and the founder and president of the Alliance for Human Research Protection (AHRP), which serves as an information resource and public interest watchdog organization working to unlock the walls of secrecy in biomedical research and bring accountability to that endeavour.

From 'good old' Wikipedia: https://en.wikipedia.org/wiki/Aktion_T4

'Aktion T4 was a campaign of mass murder by involuntary euthanasia in Nazi Germany. The term was first used in post-war trials against doctors who had been involved in the killings. The name T4 is an abbreviation of Tiergartenstraße 4, a street address of the Chancellery department set up in early 1940, in the Berlin borough of Tiergarten, which recruited and paid personnel associated with T4. Certain German physicians were authorised to select patients "deemed incurably sick, after most critical medical examination" and then administer to them a "mercy death". In October 1939, Adolf Hitler signed a "euthanasia note", backdated to 1 September 1939, which authorised his physician Karl Brandt and Reichsleiter Philipp Bouhler to begin the killing.'

How coincidental that the UK government have been using the word Tier for Tiers 1, 2, 2, 4...

This is basically a transcript of the testimony given by Jew Vera Sharav via online camera and audio to German lawyer Reiner FuellMich.

I know the consequence of being stigmatised and demonised as a spreader of disease.

My perspective is informed by my experience, by the historic record and empirical evidence.

We were required to wear the yellow star of David to identify us, to segregate Jews... our property was impounded, we were forbidden to participate in all educational, religious, cultural gatherings. Travel was forbidden for Jews, so there was no escape.

These painful memories as a child sensitised me to the threat posed by current restrictive government dictates. In 1776 Benjamin Rush, a doctor and signer of the declaration of independence, foresaw the danger of medicine organising as what he called, 'an undercover dictatorship'.

Under the Nazi regime, moral norms were systematically obliterated. The medical profession and institutions were radically transformed. Academic science, the military, industry and clinical medicine were tightly interwoven, as they are now. The Nazi system destroyed a social conscious, in the name of public health.

Violations against individuals and classes of human beings were institutionalised. Eugenics driven public health policies replaced the physician's focus on the good of the individual. German medical profession and institutions were perverted. Coercive public health policies violated individual civil and human rights. Criminal methods were used to enforce policies. Nazi propaganda used fear of infectious epidemics to demonise Jews as spreaders of disease as a menace to public health. This is a hallmark of antisemitism; blame the Jewish people for existential threats. In the middle ages Jews were blamed for the bubonic plague and the Black Plague. Fear and propaganda were the psychological weapons Nazis used to impose the genocidal regime. Today, some are beginning to understand why the German people didn't rise up. Fear kept them from doing the right thing.

Medical mandates today are a major step backward toward a fascist dictatorship and genocide. Government dictate medical interventions. These undermine our dignity as well as our freedom.

First it was vaccinate mandates for children, now it's for adults.

The stark lesson of the holocaust is whenever doctors join forces with government and deviate from their personal, professional, clinical commitment to do no harm to the individual, medicine can then be perverted from a healing humanitarian profession, to a murderous apparatus.

The reason Greeks made students swear to the Hippocratic Oath, was because in medicine you gain knowledge about how to kill and they had to promise that they would do no harm. They were ahead of us in understanding human nature. What sets the holocaust apart from other mass genocides is the pivotal role played by the medical establishment; medical doctors and prestigious medical societies and institutions lent the veneer of legitimacy to infanticide, mass murder of civilians.

T4 was the first industrialised medical murder project in history. The first victims were disabled German infants and children under 3. They were identified by midwives who reported their existence to the state. The next victims were the mentally ill, followed by the elderly in nursing homes. The murderous operations were methodical and followed protocol. Questionnaires were sent out to psychiatric institutions requiring detailed information about each patient. A committee of 54 psychiatrists made the final life and death decision.

3hr 20 mins

The objective of T4 was to eliminate the economic burden of those the regime and the doctors viewed worthless eaters. It was also to empty beds for wounded soldiers. T4 also served as a testing ground for various lethal chemicals and pharmaceuticals. The financial beneficiaries of the Nazi genocide were the corporate elite. Their record of collaboration with genocidal regimes is uninterrupted. Without the financial support of Wall St. bankers and collaboration by major US, German and Swiss corporations that provided the chemical, the industrial and the technological material, Hitler could not have carried out this unprecedented industrialised murderous operation.

(Note: unprecedented? The Bolshevik Revolution? Which resulted in the rise of Hitler...)

Among the companies that profited from the holocaust: Standard Oil and Chase Manhattan, both owned by Rockefellers; IBM, Kodak, Ford, Coca Cola, Nestle, BMW, IG Farben, Bayer, Escher Wyss

3hr 22mins

IG Farben was the largest WWII profiteer, using Auschwitz patients as slave labourers; doctors who actually sent those they deemed slaves to factories and mines, also had their own camp where they conducted experiments.

IBM technology facilitated the rapid implementation of the holocaust. Census data was contained in IBM punch cards. The Jews of Europe were quickly identified, rounded-up, segregated, deported, tracked, imprisoned, tattooed, enslaved and exterminated.

Covid19 pandemic has exposed eugenics driven public health policies in Western Europe and the US. This is a chilling replay of T4.

Government directives to hospitals and nursing homes essentially condemned the elderly to death. In Europe and the US hospitals were ordered not to provide

treatment, including oxygen, to elderly people in nursing homes. Several US Governors sent infected elderly people to nursing homes, knowing that they lacked essential safeguards to prevent the spread of the virus. Before he issued the executive order, that sent more than 15,000 human beings to death, governor Cuomo of New York State, predicted that the virus would like fire through dried grass in nursing homes. The corporate media, Academy of Science, awarded Governor Cuomo an Emmy for his TV performances that were billed as briefings. We have since found out he concealed the number of deaths. When people conceal a crime, they know it's a crime.

In 2006 during the avian flu epidemic, H5N1, a panel of public health officials advised the Bush administration, to institute quarantines and closures and measured lock downs. Their recommendations to consider these lock downs were rejected by Dr. Donald Henderson, His report stated:

“Experience has shown that communities faced with epidemic or other adverse events respond best with the least anxiety when the normal functioning of the community is least disrupted. Strong political and public health leadership to provide reassurance and ensure that needed medical care services are provided, are critical elements. If either is seen to be less than optimal, a manageable epidemic could move toward catastrophe.”

Today debate is forbidden. A doctor is not allowed to say that the virus is being exploited to maintain a state of fear. Lock downs have proved a very effective tool for social control. But, they failed to change the course of the virus.

People are being conditioned to submit passively to government dictates. Children who are deprived of an education, are being conditioned to distrust people. Mandatory masks are an insidious psychological weapon. They demean our dignity as free human beings. They do not work in an epidemic and are the symbolic equivalent of the yellow star. Study after study show lock downs destroy millions of lives and livelihoods, throwing millions of people into poverty. Even the Wall Street Journal has conceded that lock downs were not worth the pain. However, for global oligarchs the Covid pandemic has been a financial bonanza. American billionaires increased their personal wealth by \$2.2 trillion, just in 2020. We can't overlook the financial incentive for lock downs that destroy competition or the local industries in most cities that have gone bankrupt. We are supposed to buy only from the large Amazons; this is planned. Doctors and scientists who express views that challenge official dictates are treated as heretics; they are threatened with loss of livelihood. Anyone who questions the safety of vaccines that have been rushed through Operation Warp Speed, is muzzled and vilified by the media.

These Covid19 contracts are totally confidential. They've even used a middle contractor who does things for the military, so contracts cannot be acquired under FOIA; they are not in government custody. Why the secretiveness? Why has the CEO of Pfizer tried to blackmail Argentina and Brazil? Going to the extent of requiring them to give them their military bases, their banks, to give insurance collateral, why? What does he know in the data that we don't know? No matter that governments have given them immunity, but it's not enough.

Bill Gates stated in 2020 that the final solution to the pandemic will be a vaccine. This is a kind of Final Solution. To ensure compliance with vaccines, governments have instituted unprecedented aggressive measures. This primarily ensures a vigorous cash flow. They are already talking about vaccines being required every year. They only began the vaccination in December. What will profits look like at the end of 2021?

Reiner Fuellmich: What is the ultimate goal?

Read The Great Reset. Klaus Schwab. Now it's global. It's to go beyond Hitler. It's about population reduction. That's been the oligarch's goal since John D. Rockefeller. And power. Control. Technology today is far superior to IBM's punch cards. With this virus they are instituting unprecedented oppressive and repressive elements that imprison us in our homes; we're being tracked, surveyed; Green Passports are being used to apartheid class society; one class privileged, the other reviled and discriminated against. Will ghettos and detention camps follow and will people be killed? The Nazis used tattoos, well now we've got invasive tracking technology, thanks to Bill Gates who financed these things, including chip-tattoos.

This Great Reset is the master plan. As Klaus Schwab said, Covid is a marvellous opportunity to reset. Did any of us give informed consent to a reset of the world?

The oligarchs already own government. It's not the virus that's the problem. It's the eugenics that's the problem. That class believe they are Übermenschen and we are all Untermenschen. Money of course, but power is like a drug; there are people who are absolutely evil. They do not recognise the human species as being one. Once you have this 2 class system, you will not prevent a global holocaust. And they can do it remotely; click! Click! If we let them.

Schwab Family Values

Nothing tells you about Klaus Schwab before 1970, until this...

<https://unlimitedhangout.com/2021/02/investigative-reports/schwab-family-values/>

It's a continuum and protocol of how it's going to work. They want to control our minds. Government should not be interfering in our personal lives, in our medical choices. I never thought I'd be alive to be again afraid of the same elements. As a Jew persecuted under that regime, I believe that you (Reiner), Germans, this generation, must lead this fight. There's a memory among Germans and we must plug into that and this time around we're not going to let them get away with it.

Artists grasp things before the rest of us do. I'll be talking about this to people in Israel because that's another target I have to deal with.

Reiner Fuellmich: Lawyer Michael Swinwood is filing Class Action for children only. This goes beyond what happened during the 3rd Reich; indigenous people have always been the target of genocidal fantasy; it used to be only the Indians, now we are all Indians.

Vera Sharav: The factions fighting each other, that's all set up. BLM, except in public health... those are to divert attention from what they're really doing.

Use the Nuremberg Code. The Helsinki Code is a little watered down, but the Nuremberg Code can't be changed. It's like the 10 Commandments. The Nuremberg Code says you are a subject, not a participant, and these are experiments, not studies. Language is important, everything in public health is done in euphemisms.

Reiner Fuellmich: 100 years ago the Canadian and probably the American Indians were used for all kinds of medical experiments. In the 1940's in Australia, they were vaccinating aborigines, using them as guineapigs. From the start, I thought this is the worst ever series of crimes against humanity. This is a global cabal. Probably no more than say 3,000 people who are at the very top of this. The oligarchs, members of the churches...

Vera Sharav: Bill Gates started very early, to fund reporters, journalists... what deal was made in 1995 between the US Justice Dept. and Bill Gates? What got the Justice Dept. off his back?

Most young people fell in love with the technology; it's addictive. Can a child imagine a teddy bear, that it loves, is going to do something against them? The accumulation of personal secrets.

One thing from Klaus Schab, in his own words:

"The pandemic represents a rare, narrow window of opportunity, to reflect, reimagine and reset our world. Nothing will ever return to the broken sense of normalcy that prevailed prior to the crises, because the coronavirus problems marks a fundamental inflection point in our global conjectory. What the 4th industrial revolution will lead to is a fusion of our physical, our digital and biological identity."

This is transhumanism.
