

Health Minister Hunt unlimited funding for covid vaccine research

Graphene(oxide) in the vaccines...

This press conference may make sense now given Andrew Twiggy Forrest mines graphene...

<https://youtu.be/x4a05hvrQfc> All roads lead back to graphene.

As we already know, graphene is a super conductor.

As Dr Jane Ruby stated on the Stew Peters Show, the blood of a vaccinated person under microscope showed the red blood cells strangely 'light up' due to the inclusion of graphene in the vaccines.

https://ugetube.com/watch/what-covid-injections-do-to-your-blood-2021-07-16-dr-jane-ruby-stew-peters-video_WHWO5YWPOYBZm2H.html?

UNSW has coincidentally received millions in grants from Greg Hunt and the Federal Government. UCI 'grant funded' experiments discovered they could remote control the heartbeat of a mouse, speeding it up or down remotely by way of graphene.

https://www.photonics.com/Articles/Graphene_Biointerface_Optically_Controls_Heart/a63489
(https://www.photonics.com/Articles/Graphene_Biointerface_Optically_Controls_Heart/a63489)
<https://pubmed.ncbi.nlm.nih.gov/26960413/> (<https://pubmed.ncbi.nlm.nih.gov/26960413/>).

So then I look up what could 'light up' or 'activate' graphene in respect to 'light robotics' and I found an existing remote control technology called LiDAR – <https://en.m.wikipedia.org/wiki/Lidar> (<https://en.m.wikipedia.org/wiki/Lidar>) that, like graphene, has many applications.

One of the applications of this LiDAR technology includes drones, just like the ones they have in Sydney right now – <https://nationaldrones.com.au/drone-services/inspections/lidar/> (<https://nationaldrones.com.au/drone-services/inspections/lidar/>).

<https://spheredrones.com.au/collections/lidar?>

[gclid=EAIAIQobChMI3YDxiISr8gIVDRsrCh0Pdwq9EAAAYAiAAEgLLKPD_BwE](https://spheredrones.com.au/collections/lidar?gclid=EAIAIQobChMI3YDxiISr8gIVDRsrCh0Pdwq9EAAAYAiAAEgLLKPD_BwE)
 ([https://spheredrones.com.au/collections/lidar?](https://spheredrones.com.au/collections/lidar?gclid=EAIAIQobChMI3YDxiISr8gIVDRsrCh0Pdwq9EAAAYAiAAEgLLKPD_BwE)
[gclid=EAIAIQobChMI3YDxiISr8gIVDRsrCh0Pdwq9EAAAYAiAAEgLLKPD_BwE](https://spheredrones.com.au/collections/lidar?gclid=EAIAIQobChMI3YDxiISr8gIVDRsrCh0Pdwq9EAAAYAiAAEgLLKPD_BwE)).

This LiDAR technology is also already in our mobile phones, pulsing out silent and unseen messages

– <https://www.google.com/amp/s/www.cnet.com/google-amp/news/lidar-is-one-of-the-iphone-ipad-coolest-tricks-its-only-getting-better/>
 (<https://www.google.com/amp/s/www.cnet.com/google-amp/news/lidar-is-one-of-the-iphone-ipad-coolest-tricks-its-only-getting-better/>).

Lidar is also currently implemented in medical equipment in hospital and various therapies –

<https://3dheals.com/clinical-applications-of-medical-modeling-part-2-3d-scanning>
 (<https://3dheals.com/clinical-applications-of-medical-modeling-part-2-3d-scanning>).

And just look at all the LiDAR companies in Australia – <https://www.environmental-expert.com/companies/keyword-lidar-30170/location-australia> (<https://www.environmental-expert.com/companies/keyword-lidar-30170/location-australia>).

So in a nutshell, my thought are the COVID-19/Delta variant ‘hot-spots’ are being targeted by LiDAR, activating those who have been vaccinated by way of drones, cameras and satellites to induce a variety of health issues including heart attacks, myocarditis, strokes, tremors and more depending on how your body reacts when the graphene is activated. This of course is then labelled a COVID-19/Delta death and they will then move onto the next ‘COVID-19 ravaged’ suburb and continue. This of course may be along with mind-control (Google graphene and mind medicine).

Kind regards,
Tatjana, NSW

About Editor, cairnsnews

One of the few patriots left who understands the system and how it has been totally subverted under every citizen's nose. If we can help to turn it around we will, otherwise our children will have nothing. Our investigations show there is no 'government' of the people for the people of Australia. The removal of the Crown from Australian Parliaments, followed by the incorporation of Parliaments aided by the Australia Act 1987 has left us with corporate government with policies not laws, that apply only to members of political parties and the public service. There is no law, other than the Common Law. This fact will be borne out in the near future as numerous legal challenges in place now, come to a head soon.

Thanks Ed. Awesome info.

Is it just me or does everyone reading this change the H in Hunt to a C!? 😊

That's a shame cos I like Twiggy.

Turns out he's a satanic arse just like the rest.

So really the satanic pedo elites call us 'worthless eaters but them & all governments sponge off us, take our tax dollars & spend it on lavish lifestyles, drugs such as adrenalchrome as well as using it to make products to kill us & the bankers hold us accountable for the money lost.

They are all leeches. Maggots at best.

Excellent investigative journalism!

You may have already done this but an investigation into all our citizens, and the positions they hold, who have been tapped by the WEF (Greg Hunt, tapped as future world leader) might also be quite revealing.

Peter Senior | August 19, 2021 at 9:59 am

I was always suspicious of Greg Hunt since he started pushing the more extreme ultra-green / global warming / climate change UN agendas. No surprises here. Brilliant piece of journalism! We seem to get much of our important news nowadays from CairnsNews – zilch from the MSM.

With New Zealand's Jacinta ordering snap lockdowns whenever someone sneezes, can we expect to see loads of Boatpeople landing on our shores, refugees from 'Cinta Insanity ? (Advice to the refugees: avoid the Victorian Penal Colony).

It's been known for quite some time that billionaires, and their lesser kin millionaires, have been buying huge chunks of pristine rural NZ as bolt-holes from the looming climate catastrophes.

Appears Jacinta has been appointed to reduce the fauna (ethnic cleanse) – except for any trained as house servants – with the bill gates funded population reduction jobs.

Those NZ boatpeople with Afghani sounding names will be resettled by Our Big Pharma owned government. (the others should try the Tasmanian Penal Colon. y.)

It is more than a coincidence some authorities have a connection to the vaccine in some form, these connections must have been put in place a long time ago for a virus just discovered. The vaccine in everybody's arm appears to be the main aim. Dissenters to be ostracised unless compliance is achieved. Dark times ahead as many will comply to the pressure.

Gabriele Gaven | August 19, 2021 at 11:32 am

more vaccinations lead to more death and this again to more vaccinations until we are gone to some place which is Inhumane....planned with help of our dear elected Governments and Health "professionals".. And -.Now attacking our Children! Evil to the core.

I was going through the links and reading each article and when I came to the Lidar one and when I read about the laser I remembered that I read that the pentagon and NASA has lasers that can measure your heartbeat. People at work wear them all day and have a constant cough.

So material ones are a go?

I don't wear one at all and I've never been sick.

Of course there was no authority extended to the Commonwealth under s.51 in regards to Health. Climate Change, Sport, Education, the Aged and other. The constitution of the Commonwealth can only lawfully be altered pursuant to s.128 – a referendum. Violating the Constitution of the Commonwealth constitutes an Act of Treason. Which referendum provided Mr Greg Hunt with the lawful authority to act as Minister for Health and the Aged?

This surely is a matter for the Federal Police – is it not? All those who have knowledge of this violation and do not reveal the offense become immediately chargeable under a claim of misprision. Such charge carries the identical penalty as treason,

Jewish Occupied Governments: Jewish Penetration of Vatican City

Christian-Jewish Betrayal Fully Evident in Vatican City According to Michael A. Hoffman II Article

“.....I believe that I have proven my case. If you see flaws in my reasoning, please print them here so that I may answer your complaints with more facts.

In my opinion, the Jews have, in most ways, brought calamity down upon heir own heads. Right now, in America, they are at it again. They have put together a Democratic Party which they run, have all the news sources so that they pick almost all of our political candidates, and they have the biggest lobby and the best media blackmail money can buy. And, of course, our congressmen are the most easily corrupted in the universe, so they work hand-in-hand on selling out the majority of the population which is European and Christian. The replacement of whites and Christians is planned already, and the President has been recently gloating over the fact that whites are planned to be a minority in 2040. What he didn't mention is that by 2140, we will be gone. And that's genocide, and it's been planned for Christians in America by the Jews, and it's in print everyday, but just not covered for what it is.....”

If the media was rotten to the core all those years ago, how would it compare to today?

The Project Gutenberg eBook of Free Opinions, by Marie Corelli

AUTHOR OF “GOD’S GOOD MAN” “TEMPORAL POWER”
“BARABBAS” “THE MASTER CHRISTIAN” ETC

LONDON
ARCHIBALD CONSTABLE & CO LTD
1905

“.....There would be no greater force existing in the world as an aid to civilization and human fraternity than the Press, if its vast powers were employed to the noblest purposes. It ought to resemble a mighty ship, which, with brave, true men at the helm, moves ever on a straight course, cleaving the waters of darkness and error, and making direct for the highest shores of peace and promise. But it must be a ship indeed,—grandly built, nobly manned, and steadily steered,—not a crazy, water-logged vessel, creaking with the thud of every wave, or bobbing backwards and forwards uncertainly in a gale. Its position at the present day is, or appears to be, rather the latter than the former. Unquestionably the people, taken in the mass, do not rely upon it. They read the newspapers—but they almost immediately forget everything in them except the headlines and one or two unpleasant police cases. And why do they forget? Simply because first of all they are not sufficiently interested; and, secondly, because they do not believe the news they read. A working man told me the other day that he had been saving sixpence a week on two halfpenny papers which he had been accustomed to take in for the past year. “I found ‘em out in ten lies, all on top of one another, in two weeks,” he candidly explained;

“and so I thought I might as well keep my money for something more useful. So I started putting the halfpence by for my little kiddie, and I’m going to stick to it. There’s five shillings in the Savings Bank already!”

Placebo recipients are treated as vaccinated for 16 weeks once trials end

29 July 2021

What was claimed

Covid-19 trial participants who received the placebo will be considered as vaccinated.

Our verdict

This is true, as the government has said it wants to ensure people who take part in the trials are not disadvantaged. In many cases, including the Novavax trial, participants who initially received the placebo will later be offered a vaccine. After the trial, participants have 16 weeks to get an NHS standard vaccine if they have not already received an appropriate one in their trial.

British Medical Doctor: The Shots are Killing People! We need to Stop This!

by Brian Shilhavy

Editor, Health Impact News

A British medical doctor who had just worked all night in the hospital took time to give an impassioned plea to stop the COVID-19 injections. She states that other than the children, for whom the shots are not yet authorized, almost everyone she treated had two doses of COVID-19 shots.

She states that she is seeing things that in all her years of practice she has never seen before, such as blood clots in the arm of a young girl in her 20s. Nobody is linking these injuries to the vaccines.

She states that the hospitals are short staffed because nurses are quitting, as they do not want to get the jab.

"The shots are killing people," she states, and "We need to stop this!"

This is from our Bitchute channel, and it should be on our Rumble channel also shortly.

One-Third Of New Drugs Had Safety Problems After FDA Approval

Recalls

On average, about 4,500 drugs and devices are pulled from U.S. shelves each year. The recalled products have U.S. Food and Drug Administration (FDA) approval and in many cases, are widely ingested, injected or implanted before being recalled. Although the FDA may identify concerns regarding the safety of a drug, it is the responsibility of the manufacturer to initiate and execute a recall. On the other hand, the FDA can mandate the recall of a device.

Trust issues deepen as yet another FDA commissioner joins the pharmaceutical industry

Pharma-giant Pfizer announced on June 28 that the former US Food and Drug Administration commissioner Scott Gottlieb would be joining its board of directors. The move fell in line with a troubling pattern: After their tenure at the FDA, commissioners tend to go on to advise private companies in the pharmaceutical industry.

In fact, 9 out of the last 10 FDA commissioners—representing nearly four decades of agency leadership—have gone on to work for pharmaceutical companies. The lone exception, David Kessler, joined the ranks in academia before eventually settling in his current position as chair of the board of directors at the Center for Science in the Public Interest, a non-profit nutritional science advocacy group.....

FDA Staffers Ask Obama To Purge Agency

ABC News’ Brian Hartman Reports: Sen. Charles Grassley, R-Iowa, released a remarkable letter today that nine staffers from the Food and Drug Administration have sent to President Obama.

The staffers are ecstatic about new leadership at the FDA but want bad managers who still remain on the job to be run out of the agency, and in some cases, prosecuted as criminals. The staffers, whose names are redacted, call for an end to “the culture of wrongdoing and coverup.”

The letter stated that “many other FDA managers who have failed to protect the American public, who have violated laws, rules, and regulations, who have suppressed or altered scientific or technological findings and conclusions, who have abused their power and authority, and who have engaged in illegal retaliation against those who speak out, have not been held accountable and remain in place.”

“Sweeping measures are needed to end the systemic corruption and wrongdoing that permeates all levels of FDA and has plagued the Agency far too long,” the letter said.....”

“.....In one of the worse and most transparent lies ever told by a US government agency, the FDA said:

“The FDA’s approval of this vaccine is a milestone as we continue to battle the COVID-19 pandemic. While this and other vaccines have met the FDA’s rigorous, scientific standards for emergency use authorization, as the first FDA-approved COVID-19 vaccine, the public can be very confident that this vaccine meets the high standards for safety, effectiveness, and manufacturing quality the FDA requires of an approved product,” said Acting FDA Commissioner Janet Woodcock, M.D. “While millions of people have already safely received COVID-19 vaccines, we recognize that for some, the FDA approval of a vaccine may now instill additional confidence to get vaccinated. Today’s milestone puts us one step closer to altering the course of this pandemic in the U.S.”

Notice the last two sentences to which I added emphasis. The purpose of the approval is to convince those resisting inoculation with an extremely dangerous and totally ineffective “vaccine” to submit and take the shot.....”
